Be sure to make it to the meeting on the 16th for a special treat! Wayne Phillips was at a couple of fishing trade shows and will be letting us in on what's new in equipment for 2008.

Also, time permitting, we'll be looking at the latest Brian Chan video to grace our library.

The November meeting's topic will be "Your Favorite Fly". It has been mentioned that more than a few of us only know the basic flies to tie, the ones we teach every year. We KNOW there are a lot of successful patterns out there and we are hoping that you'll share them with us. The idea is to have a few members showing us how to tie some of their favorite and successful flies. We'll rotate among the tiers to try to get an idea as to what has been working and how to tie them. By the way, if you've got a favorite that you'd like to share with the rest of us, please let one of the executive know so we can include you in the demonstrations.

The December meeting will, of course, be our Christmas Social and Potluck Treat Event. This is always a favorite and remember, leave your diets at the door.

To be more ecologically aware and to save costs, we ask that you receive this newsletter by email rather than regular mail wherever possible. All newsletters are sent using the "Blind Carbon Copy" feature, so your email address will not be broadcast.
